

MyWay Kite&Surf Wave Camp

With great joy, we hereby announce the first MyWay Wave Camp.
Are you an advanced kiter, want to improve your skills and bring your kiting to the next level..., or are you just looking for a new adventure?
Then it is time now!
The MyWay Wave Camp is ready for you!

By using the power of the ocean and the wind, we consider wave kiting as one of the most thrilling sports, in complete harmony with the elements.

With our coaching, you will learn the right techniques to ride waves safely and with a huge smile on your face. Our spot offers the ideal conditions, with shallow and flat water in a huge lagoon on the one side and perfect waves, in the Atlantic Ocean with side-onshore wind on the other.

At the beach you will learn to understand waves, in the lagoon, to get familiar with the directional board, and then combine what you learned to take your first wave and then increase the performance ride by ride. In the evenings we will make a video analysis and enjoy time together with a lot of side events and great vibes. The camp is a complete, stress-free holiday package, that starts at the airport and includes everything that is needed to have a great time.

About us: "MyWay - Kite&Surf" is not just another Kite and Surf School, but a whole lifestyle concept that offers an unforgettable stay. You will sleep in our cozy little Hotel with a water view on all sides and enjoy good food and drinks in our bar. Our shop offers you the newest equipment for testing and of course the best prices if you want to buy new toys.

Share your joy with like-minded people and become a part of the MyWay family- join the next MyWay Wave Camp.

See you in the water... hang loose

Every day you can expect the following in the form of different modules

-physical part (personal training/ workout)

-theory part (the theory of waves, the equipment of a wave kiter, how to overcome your fear, and more)

-practical part (kiting, wakeboarding, surf-skating)

-resume (video analysis of your performance, feedback, and discussion rounds)

On four days we will work intensively on our performance in the form of lessons and the last day we will have a small MyWay Kite Contest where everyone can show what they have learned during the week.

This means that you can expect 5 days full of kite fun!

MyWay Event services:

• your week long stay in the MyWay Hotel

• Airport shuttle • All kite lessons • Shuttles to the kitespots

• theory lessons • video analysis • further activities to support your learning process

• catering

• personal training • a lycra from the wave clinic 2021

• discounted renting prices

• Free usage of storage facilities

+ a trip to Nazaré in case there are big waves predicted

Should there be a windless day, we will jointly organize alternative activities such as wakeboarding, paramotor, skating, a self-rescue seminar, or trips to beautiful places in the surroundings.

This activity is included in the price of the event.

Our Wave clinic is the perfect fit for you if you want to experience new adventures as an already advanced kitesurfer.
